RODNEY B. WHITE
PRIMARY EXAMINER

Examiner Note: You must sign this form unless it is an Attachment to a signed Office action.

Examiner's signature, if required

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Discussed the above claims and how the Applicant's Representative felt they differed or failed to read 102(b) over the above claims. Discussed adding language to the Independent claims, specifically that the "fall prevention member" prevents the child car seat from falling off the stroller body when the locking/unlocking mechanism is in the unlocked state. Examiner will further consider this limitation to see if it renders the claims patentably distinct over the prior art of record. It was also determined that claims 5, 13, and 16 contain allowable subject matter since they define the structure of one of the embodiments of the "fall prevention member" and would produce allowable claims if incorporated into independent claims or written in independent form.
